

NATIONAL MISSIONARIES

Reaching Souls selects faithful men to work as full time evangelists in their home nations. These men already have a burden to reach their own people for Christ and are doing so. Reaching Souls comes alongside these pastors and evangelists to give them the tools to make them more efficient in reaching the lost. Over and over again, as we have helped them to become more efficient, the Lord has made them more effective.

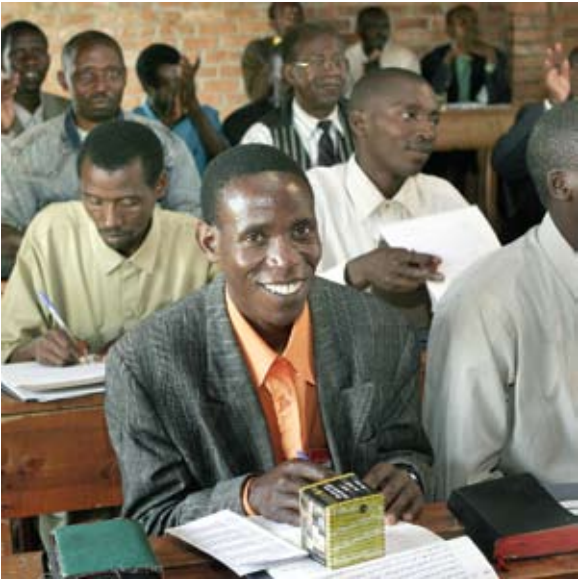

We give these men the title of National Missionaries. They are trained how to preach and share the Gospel, given financial support so they can preach full time, provided with a portable speaker system and bicycle so that they can reach many and with a strong voice.

By supporting National Missionaries, Reaching Souls is able to avoid many of the obstacles and pitfalls that plague traditional forms of overseas missions work. There are no language barriers, cultural walls, or travel expenses to overcome. With simple and relatively inexpensive tools, these National Missionaries are able to reach millions in a cost efficient and effective way.

National Missionaries are the fastest and most productive strategy to speed the Gospel to the millions of souls waiting to hear the Good News. Each missionary preaches at least 144 times and leads thousands of people to Christ each and every year.

For \$100 a month, you can support a National Missionary and send him into the harvest.

LEADERSHIP DEVELOPMENT INSTITUTES

Nationals Reaching Nationals has been our formula for successful discipleship and evangelism. For over 25 years we have been raising the vision of national pastors and evangelists to reach their own people for Christ. It will be Africans who will reach Africa for Christ, Indians who will reach India and so on.

Through Leadership Development Institutes, we take US teams to other nations on short-term mission trips and train faithful men to evangelize and shepherd their own people. These pastors have very little theological education and are taught 20 core subjects in sound doctrine, evangelism, Bible study, discipleship, and Christian living. The students also receive "hands-on" training through one-on-one evangelism and open-air preaching. This ministry format is based upon God's multiplication plan given to us in 2 Timothy 2:2.

The true test of a successful mission project is not what takes place while we are there, but it lies in what takes place in that nation after we have returned home. The national pastors and evangelists return to their villages and implement what they have learned and the work continues.

It is simple. It is Scriptural. It is successful.

CHILDREN IN NEED

Poverty, famine, disease, and death have become all too common in the neediest parts of Africa, but the plight of Africa's children is particularly burdensome. These precious children are defenseless sufferers. Through Children in Need we place orphans into Christian homes in Africa. This ministry provides food, clothing, shelter, and other needs for orphaned and abandoned children. In essence, it is a rescue operation with the goal of raising a Godly generation.

Working through Reaching Souls' trained pastors, an orphan is placed into church members' homes. Not only is the orphan provided for, but extra funds are given for the family caring for the child. In this way the child becomes a material blessing for the family and the child is raised as a family member.

Instead of institutionalizing children, we are placing them in homes where they will be loved, trained to love the Lord, and watched over by a faithful, Godly pastor and church body. We believe this is the most cost efficient and effective way we can show the love of Christ to these orphaned and abandoned children.

For \$20 a month, you can make one boy or girl an orphan no more.

Nationals Reaching Nationals

IN AFRICA TODAY...

The people are poor.

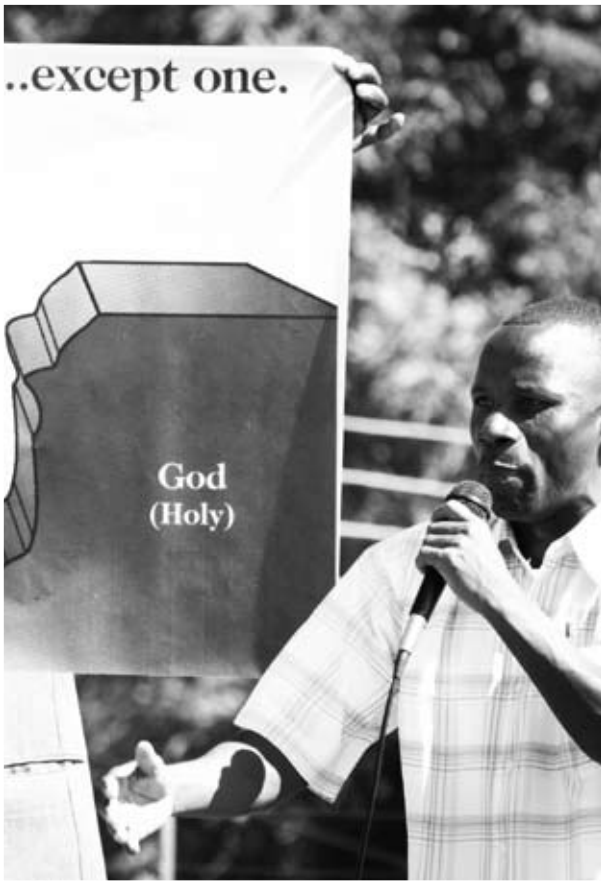

Sub-Saharan Africa is the poorest region in the world with 75% of the people living on less than \$2 a day.

They die young.

Life expectancy is the world's lowest. (Example: Zimbabwe's is 39 years.)

Life is hard.

Half the population is under 15. 75% of the population is under 30. 50 million children 14 & under work to survive.

BUT THERE IS HOPE!

The people are looking for hope and are placing their faith in Christ.

"I tell you, open your eyes and look at the fields! They are ripe for harvest." John 4:35

Right now the fields are ripe. But the harvest has a season. And there's no second chance to harvest a ripe crop.

Are you convinced that to know Christ means life; to miss Him means death?

We're praying God will send more laborers into the harvest. Join us in bringing the Gospel message of Hope to the millions who are ready to receive it.
